

WAGS'N'WOOFS DOG CARE

Your Dogs New Best Friend

September

Welcome to the latest issue of Wags Rag. How time flies we are already two thirds of the way through the year, and coming up to Wags'n'Woofs First Birthday, Yes We turn one on October 10th. What an amazing first year it has been, I could not have made this possible without your help and support, a massive THANK YOU to you all for your support and loyalty., and another thank you for your understanding with the recent bank account and new software upgrades. So that must mean it's time to start thinking about Christmas shopping.

With the mention of Santa is also a reminder the weather should start to

Favor us more again, roll on summer for the beaches and BBQ season

With Santa and his elves getting ready for Christmas and all the joy that can deliver to us and our four legged kids

Here are a couple of things to keep in mind to make sure we are on track to being able to enjoy more time with our fur babies

Staying healthy without breaking the bank

Consider these money-saving ideas that also work to keep pets healthy. They can help you to spend less without neglecting any of your pet's needs — or forgoing the pleasures of being a pet parent.

Keep your pet's weight within a healthy range. By not being overfed, your dog won't put on pounds that could lead to diabetes — and you won't have to replenish kibble as frequently.

Exercising your dog daily. Sticking to a heart-pumping regimen for at least an hour a day not only helps keep your dog healthy, it can be as physically demanding of you as a costly gym workout.

Take care of your pet's mouth. Commit to brushing teeth and inspect gums for

Redness and swelling. Decayed and broken teeth and untreated gum disease can lead to serious illness.

Subscribe for freebies. Sign up for your favorite pet brands' newsletters, Facebook pages and Twitter feeds for news of sales and to get discount coupons.

Make your house pet-safe. Always close doors securely and make sure your pet can't escape through an open window. Store toxic products where dogs and cats can't get to them. Relocate cords that might choke, strangle or electrocute a pet. Even items like loose string and rubber bands can provoke a trip to the emergency room.

Craft DIY toys. Have you priced pet toys recently? They cost a fortune! Check out Pinterest for homemade dog toys that are inexpensive to make and can entertain your pet for hours, if not days.

Holiday Season

As you are all aware I will be away the weekend of Labour weekend attending a family Event with no service from October 20th till 25th. Taking advantage of the long weekend ourselves.

With only 14 Fridays till Santa comes I hope you are all looking forward to a great summer break.

I will be running reduced hours over the festive season. I have not locked in anything yet so if you have any special requests please get in touch to discuss your needs.

Friends of Wags'n'Woofs

Have you checked out www.appleandabe.com yet? Some very cool pet wear. A Friend of Wags'n'Woofs, and you will often see founder Apple out and about on a Tuesday with her mates. If you are after some quality apparel Stop by. Don't forget to mention you are Wags Family and help spread the love.

Time for a trim? www.pawhub.co.nz is the place to go. Fernanda is one of New Zealand's top groomers and will take wonderful care of your loved one. Located on the corner of great north and Ponsonby roads. Mention Wags'n'Woofs for a special Deal on your next groom

The 100-hectare area was established to protect and preserve the archaeological remains of the communities that thrived on this land for hundreds of years

There are three self-guided walks you can take each with a focus on geology, botany and history. All three walks start at the 'welcome map' located on the stone plinth by the second gate 150 metres from the main entrance. Each walk takes up to an hour to complete, but you can also walk all three in approximately two and a half hours. To help you find your way, each walk has wood marker posts and coloured markers along the trail (geology – blue, botany- green and history – white)

House Keeping

As Always another general reminder about vaccinations and updates, please keep us updated too. Hope you all have your new blue tags on making sure we are all current for the upcoming year is very important as we are out in public and can be approached by animal control at random please ensure all dogs have registration tags visible while out.

Dogs may be controlled either on a leash or off a leash

Got any other cool spots let me know. Let's share the love of these cool dog friendly places

And remember if you recommend someone to us make sure they say you sent them, there's a freebie in it for you

Cool Dog Spots

Otuataua Stonefields

56 Ihumatao Quarry Road, Mangere

This is one of the city's last volcanic areas where you can see the large-scale stonework and earthwork remains that show how people once lived and worked.

Have you Met ?

Mr. Mo the Frenchie

Mo is one of the founding members. Always a pleasure to have him out with the team. Love his cheeky personality. Did you see him on TV3's Jono and Ben? This kids going places.... To top it off h knows more tricks than most.... He challenges you ☺
